Church Clean Up Day!

Saturday, April 13th
from 9:00 am - Noon
with a potluck
to follow.

NOTES FROM THE PASTOR

“Help us!” My daughter says this phrase all the time. She is just learning to speak and as she states what she needs, sometimes the phrases sound a little silly but also profound. When she needs help with a toy or needs food for herself she says, “Help us!” I find myself repeating this much of the time with a little giggle. Then I realize how much this short exclamation is like a prayer. “Help us!”

Sometimes we find ourselves without the right words to say. Sometimes we might feel lost without knowing the way. So we might reach out to God with these words ourselves, “Help us!” Each new month there are more challenges in the community, each new week the political climate changes, each new moment we have the ability to share kindness.

Let us pray,

*Holy God, we ask for your presence today in all the things that come our way.
Give us strength to live each moment to share your love. In all ways, help us.
In Jesus' name, Amen.*
